Adam, the guy!

Every day, our after-class activities are led by Teacher Adam, a Canadian who is passionate about Vancouver and loves sharing Canadian culture with students! With him, learning English becomes so much easier!

St. Patrick's Day - **March 17**

Workshop: Job Hunting Skills - **March 19**

Bicycles at Stanley Park - **March 25**

Horseshoe Bay Whytecliff Park - **Feb.25**

Cold February, Warm School

February arrived in full force here in Vancouver, bringing with it spectacular snow! Even with temperatures dropping below zero, our new students embraced every second of the snowy landscape upon their arrival.

For some, snow is nothing new; for others, this was their very first experience, as was the case for our new students from Brazil.

Some students ventured to the mountains for skiing and snowboarding, while others stayed downtown, enjoying ice skating at Robson Square before warming up with delicious hot chocolate.

Despite the cold, SGIC's welcoming atmosphere quickly helped students feel **"warm and cozy"** in their new home.

A Month of Love at SGIC

February was the month to celebrate Valentine's Day, a truly heartwarming occasion!

Here at SGIC, we don't just celebrate romantic love, but rather all forms of love: the love of new friendships, love for family far away, love for our dogs, cats, rabbits, and most importantly, self-love!

On February 17th specifically, students wrote anonymous cards for their classmates, and in fun, casual testimonials, shared their plans for celebrating this special day.

Check out this delightful and heartwarming video in full on our Instagram page:

Student Spotlight

Mariana's Journey

Mariana, from Ecuador, arrived at SGIC Vancouver in May 2024. At that time, she was still somewhat shy and finding her footing.

Over the months, her progress became remarkable: Mariana became beloved by all her classmates and began regularly attending after-class activities to practice her English.

Throughout these 10 months, Mariana completed Levels 5 and 6 of the ESG General English program, as well as the "Speaking for Success" SSP course.

She has truly been a success story and is now ready for a brilliant future ahead! ✨
